

UNITED STATES STANDARD CERTIFICATE OF BIRTH

Why births should be registered.—There is hardly a relation of life—social, legal, or economic—in which the evidence furnished by an accurate registration of births may not prove to be of the greatest value, not only to the individual, but also to the public at large. It is not only an act of civilization to register birth certificates but good business, for they are frequently used in many practical ways, some of which are listed below:

- (1) As evidence to prove the age and legitimacy of heirs;
- (2) As proof of age to determine the validity of a contract entered into by an alleged minor;
- (3) As evidence to establish age and proof of citizenship and descent in order to vote;
- (8) As evidence in the administration of estates, the settlement of insurance and pensions;
- (9) As evidence to prove the irresponsibility of children under legal age for crime and misdemeanor, and various other matters in the criminal code;

Distinguish between the different kinds of engineers by stating the full descriptive title, engineer, mining engineer, etc. Avoid the term "laborer" when a more specific title can be secured. Do not use the word "mechanic," but give the exact occupation, as carpenter, salesman and not a clerk. Distinguish carefully between retail merchants and wholesale merchants. A person who is a salesman should be called a salesman.

engineer, mechanical
ent of occupation
machinist, etc.
